

Qfuse CAMPAIGN

Political campaigns rely heavily on print materials such as campaign signage and direct mail. Qfuse Campaign™ adds a new dimension to your campaign materials by making them interactive with QR codes that point to your very own mobile-formatted campaign website. Now any public figure can easily share their platform and key ideas, promote fundraising events, communicate video and accept donations. Whatever the cause, Qfuse provides a new way for elected officials engage their constituents, wherever they may be!

Mobile Websites That Go Anywhere!

Qfuse lets you easily create great-looking campaign websites that are specially formatted for touch-screen viewing on smartphones. Upload campaign photos, commercials or recent speeches; share key platform points or promote upcoming fundraisers. It's that simple!

Mobile Fundraising

Send visitors to donation pages where they can conveniently contribute to your campaign's fundraising efforts.

Contacts at a Touch

Qfuse makes it easy for anyone to reach your campaign office, organizers or other key contacts with click-to-call, text messaging or email.

QR Codes & Tracking

Take your mobile website into the real world with QR codes that can be placed on campaign signs, flyers, posters, mailers and just about anything that can be printed. Best of all, Qfuse generates the QR codes for you and tracks their performance over time.

Mapping and GPS

Mapping features make it easy for everyone to find your next town hall meeting, event, or fundraiser. Visitors with GPS-enabled can get turn-by-turn directions from their location.

Social Media Sharing

Your mobile website can also integrate popular social media channels such as Facebook, Twitter, Flickr and YouTube. Engage voters by having all your recent tweets and facebook feed in one place.

Photos & Video

Easily embed images and video to share a far more interactive depiction of what your campaign is all about than could be attained through flyers or pamphlets.

Easy to Setup & Manage

Your mobile site is easy to set up with pre-defined templates that makes it easy to get started, with all site pages and QR codes managed from a simple dashboard interface.
